1. Cooperation and joining efforts with other AA organizations will help strengthen the community and bigger projects may be realized.
"Bashkimi ben Fuqine!
2. The Albanian language is a forgotten language to those of us who family members who have passed on where as we have no one to speak to in Albanian. Like other cultural social clubs, there should be an Albanian Social Club in every large city throughout the U.S., Boston, Worcester, etc. The Albanian Language needs to be made available in classes for adults and not just for children.
3. Shume aktivite te organizuara behen ne orare te pa pershtatshme per ata qe punojne ne oret normale te dites.

4. The albanian Community of Boston and Worcester should be preparing for thje 100th anniversary of Albania's Independence . There should be only ONE Celbration. It should include ALL Albanian American Organization All houses of Worship,It should be held in a facility that can hold 2000-5000 people. The event should be modestly priced to include all Albanians of all economic levels. The profits can be realized by Albanian Sponsors. Sponsorship would begin by 5000 dollars all the way to 50 dollars. The profits should go to the FAN S> NOLI Library Fund. Without Noli there wold never have been a modern day Albania, A ALbanian Churches throughtout the United States Nor such a well established ALBANIAN American Community in the UNITED STATES that has survived for over One Hundred Years. How fortunate we are that we were still intacked for the hundreds of thousands of NEWLy arrived Albanians to establish themselves and form new organizations such as Mass Besa etc. to continue our ethnic presence in this great Country America. This celebration belongs to all Albanian of all religious beliefs and the profits would benefit the MAN who belonged to ALL Albanians throughout the world FAN S> NOLI. Lets us begin this celebration!
5. Qellimi kryesor is MAASBESA duhet te jete ruajtja e gjuhes dhe kultures Shqiptare per komunitetin ne MA/USA. Suportet monetare direkte duhet te jene te limituara per situata emergjente. Ndhme per te ndihmuar anatere qe te ndihmojne vetveten mund te jene me te organizuara (i.e. career advice/networking, new to the US resources etc.).
6. MAASBESA kicks ass :)
7. Sa me te bashkuar qe behemi ,aq me te fuqishem do te jem. Per aq sa rrespektojm ,nderojme te kaluaren tone , po aq do na rrespektojm,nderojn te tjeret.
8. I think there is much improvement to be had in MAASBESA...U need new blood in your organization...it is not a monopoly or a privilege...your mandate as a non for profit is to help and serve the community...hence try to involve the community at the same level as your Worcester friends manage to. At this point your organization is to stagnant, same old board members, same old activities..Comon freshen it up u...u can do it... thank you..
9. Mendoj se Maasbesa duhet te organizoje me shume aktivitete qe do te fokusoheshin ne ndihmesen ndaj anetareve te komunitetit ne veshtiresi ekonomike dhe shendetesore, apo aktivitete shoqerore jo domosdoshmerisht festive ose "party style" por qe do te jepnin informacion te nevojshem, si psh takimi qe u organizua per studentet e interesuar ne law school. Gjithashtu do me pelqente te organizoheshin me shume aktivitete te natyres intelektuale si psh klub libri, takime per dhenien e opinioneve mbi menytrat sesi mund te kontribuohet ne permiresimin e aktualitetit ne Shqiperi, takime me njerez te njohur te fushave te ndryshme te artit dhe shkences, etj. Mendoj se shqiptaret si cdo komunitet tjetër kane deshiren te ndihmojne njeri tjetrin por thjesht nuk jane shume te mireorganizuar ne kete drejtim. Besoj se aktivitete specifike do te terhiqnin me shume njerez te interesuar per ceshtje te ndryshme dhe keshtu do te rritej numri i pjesemarresve apo donacioneve. Festat dhe aktivitetet kulturore duhet te vazhdojne te jene ne qender te vemendjes se organizates por njekohesisht duhet te shtohen aktivitete me domethenese ne permbajtjen e tyre per t'i ardhur ne ndihme gjithë komunitetit. Se fundi mendoj se bashkepunimet me organizata te tjera jane shume te rendesishme dhe mund te krijojne me shume mundesira per shqiptaret ne Massachusetts.
10. I feel most of these Albanian Organizations are not geared towards the American Albanians as much as they need to be.to. The Albanian history heritage and culture need to be more aware to Americans.
11. church before parties and language
12. I think MAASBESA needs to be more open to new people who want to be active, and discontinue being elitist. The problem with Albanian's is that they are not welcoming enough to actually have a successful community organization. I think many many Albanians would agree with me when I say that as a people we are friendly, caring, hard working, etc, however, when it comes to helping each other and acting as a community, snobbiness gets in the way. I would love to participate in events, activities, volunteer, be more involved with MAASBESA, but when I don't feel welcomed and appreciated, I will not. I really hope that one of the goals of MAASBESA in the next year will be to promote themselves as an organization welcoming all Albanians. I think that more "welcoming" advertisements from the MASSBESA leadership team should take place immediately. For example, MASSBESA facebook group has a mere 85 members, and I am positive there are more Albanians on facebook than 85. MASSBESA please make an effort to make Albanians feel like a community. Thanks!
13. MAASBESA needs to create internship or coop opportunities for current students whether is marketing, financial, or administrative things. This will ensure the continuity of new members and new volunteers.
